Profile

Final-year CSE student with leadership experience and a strong foundation in full-stack development. Passionate about AI, ML, Python, and building efficient web applications with intelligent systems.

Education

B.Tech in CSE, KIIT University, Bhubaneswar (2022–2026)

10+2, Bidhannagar Govt. High School, Kolkata – PCM, Computer Science (2022)

10th, Christ Church Girls High School, Kolkata (2020)

Experience

Campus Ambassador, Cisco, Bhubaneswar (Oct 2024 – Present)

Internships

Summer Intern at M/s Sahu Constructions, Ranchi (May 2024 – July 2024)

- > Worked with relational databases; managed SQL queries for data retrieval, aggregation, and reporting.
- > Assisted in optimizing database performance and automating recurring reports.

Projects

Wellify – Health Gamification App

- > Developed a cross-platform mobile app UI using React Native and Expo with smooth navigation, theme support, and user-friendly layout.
- > Integrated Python-based ML models via REST APIs. Built ML modules using algorithms like Naive Bayes and Random Forest to analyse trends, filter spam etc.

DevMall

- > A job portal aggregator using HTML, CSS, JavaScript, and Node.js to fetch and display career pages of top tech companies.
- > Implemented dynamic filtering, live job link rendering, and local logo assets without any database dependency.
- > Built a responsive, search-driven UI and lightweight Express.js backend for seamless user experience.
